Issue 17 November 2022

Senior Academic Awards 2022

This year has been yet another difficult one with disrupted learning but despite this we were able to offer students many and varied learning activities both in and out of the classroom.

We know that what happens in the classroom is important, but our relational culture must be at the core of all we do and is our primary means of influence.

We teach young people before we teach subjects. We teach them to be human before we teach them skills and knowledge. We teach them to have educated hearts as well as educated minds.

Senior prizegiving was an opportunity to celebrate academic successes of the year and honour students who are being rewarded for their hard work and achievements.

Congratulations to all students who received awards, we are very proud of you.

Maria Potter, Principal
